

IN-PERSON SERVICES NEED TO KNOW

1 LIMITED SEATING

First things first...plan ahead. The only way to get a seat is to register on our website. Seating will be based on a first come, first served sign-up. Registration opens on Sundays each week at 8PM. Be sure to set your alarms and hop online to grab a spot because they'll go fast! Once you register, you'll be emailed a QR code - be sure to bring that with you.

2 KIDS

Can you imagine keeping young children socially distanced? Well, (add head scratch for effect), neither can we! If you have children who are 5th grade and younger, please arrange for a sitter to hang with them at home. They can watch our C3 Kids online service on our C3 Kids Atlanta Facebook page. And if you have older children...well, we know you have seen a lot of them over the past few months, but go ahead and prepare them that middle and high school students are to sit with their parents. More family time!

3 HEALTH CONCERNS

Feeling Ill? High Risk? Please stay home. There will be a day when we can all get back together, but we want you to be safe and we want to create a safe environment for those in attendance too. Corona is not our friend - let's not take the risk that we are bringing him along with us!

4 ARRIVAL

We will not have a waiting area and will not open the doors until 8:45 and 10:45, so for all you early birds out there, if you arrive early, please stay in your cars with the A/C pumped up on high until we open up the doors at 8:45 and 10:45.

5 PROTOCOLS

We are sanitizing like crazy, will have temperature scans at the door, paths created for directional transitions (just like at Publix---stay in your lane), and will have spaced seating in the auditorium. We will also ask that any "gathering" happens outside on our patio, not in the building.

6 CLOSED

Aren't you tired of seeing the word "CLOSED?" Us too! But please know that for your safety water fountains, the volunteer lounge, the kids and youth areas, and the cafe will remain closed at this time. (Get on Waze and add a Starbucks stop to your trip to church).

7 MASKS

Ok...drumroll...we know you are all wondering about masks! We are requiring that all in attendance wear face coverings. We know - we TOTALLY get it!! They are uncomfortable, but we are taking one for the team all together. As Nike so eloquently says, "Just do it!"

8 CONTACT

We are the friendliest church on the planet. We love. We hug. We touch. We are family. But...maybe not right now! For this season, please be aware that many will enter the building with different comfort levels. Let's just ELBOW BUMP to show we care!

9 GUIDELINES

We know that there are a lot of them. Is it worth it? - YES!! We cannot wait to see you! So if you're ready to venture out, and only if you're ready, get signed up and join us for our in-person Sunday morning church services!
