

# IN-PERSON SERVICES NEED TO KNOW

1

## SOCIAL DISTANCING

While registration is no longer required for in-person services, we are continuing to practice social distancing! This includes adding extra spacing between seats and rows, so you can feel safe to invite your friends and family along with you!

2

## KIDS

C3 Kids is back up and running for your kiddos at 9AM and 11AM! We are taking all sorts of measures to keep everyone safe, including asking all kids in PreK - 5th grade to wear masks, reducing classroom capacity to allow for safe-distancing, and we have moved our check-in area outside to the left side of the building. Don't worry, the amazing parking lot team will be there to direct you on where to go when you arrive!

3

## HEALTH CONCERNS

Feeling ill? High Risk? Please stay home. There will be a day when we can all get back together, but we want you to be safe and we want to create a safe environment for those in attendance too. Corona is not our friend - let's not take the risk that we are bringing him along with us!

4

## PROTOCOLS

We are sanitizing like crazy, checking temperatures at the door, and doing our best to employ social distanced seating in the auditorium. This pandemic seems to be ever-changing, so please be aware of what we have set in place each week and follow the protocols. It most definitely can change from week to week and we want all in attendance to feel safe!

5

## MASKS

Ok...drumroll...we know you are all wondering about masks! We are requiring that all in attendance wear face coverings. Join us at 9am for our "Limited Mask Service", where you may remove your mask during the message. At our 11am service, masks are required throughout the entire service.

6

## CONTACT

We are the friendliest church on the planet. We love. We hug. We touch. We are family. But...maybe not right now! For this season, please be aware that many will enter the building with different comfort levels. Let's just ELBOW BUMP to show we care!

7

## GUIDELINES

We know that there are a lot of them. Is it worth it? - YES!! We cannot wait to see you! So if you're ready to venture out, and only if you're ready, we would love to see you for our in-person Sunday morning church services!
